Scrum Master

A detailed look into the role & responsibilites

www.yodiz.com

" Although the title of "Scrum Master" sounds too powerful, the and responsibilities resembles more of an **orchestra's conductor** or a **team's coach**. "

"

A Scrum Master removes impediments for the team

"

"

A Coach for the team helping the team to perform better

"

" A process owner - full authority over process "

"

A safe guard, sheep dog, protector for team, protecting from any distraction

"

"

Helper for the **Product Owner,** to make sure the product backlog is in good shape and ready for the next sprint

SUCCEEDING WITH AGILE

best selling book

"

"Much has already been written about the job of the Scrum Master in removing impediments to the team's progress. Most Scrum Masters quickly grasp that part of their job. Where many falter ----- especially during the first 6 to 12 months of using Scrum ----- is in their relationship to their teams.

THE SCRUM MASTER TRAINING MANUAL

http://mplaza.pm/

"

The Scrum Master is a management position, which manages the Scrum process, rather than the Scrum Team. He/she is a servant-leader for the Scrum Team

"

"

It is possible for a single person to be both Scrum Master, and a member of the Development Team, although this is not recommended. The best solution is to assign that same person as the Scrum Master in more than one project

"

"

The Scrum Master usually leads the organization in its effort to adopt Scrum.
